

Premier supplier of laboratory supplies and services

Eclipse Scientific Group is one of the UK's leading providers of laboratory supplies and services delivered through our group company **Hypergraph Laboratory Supplies Ltd.** Acquired by Inspecio company Eclipse Scientific Group in 2006, Hypergraph has over 40 years experience in the laboratory supplies and services market.

As one of five key business divisions within Eclipse Scientific Group, we are focussed on delivering a high quality laboratory supplies service and further enhancing our established reputation within the market.

Trusted Supplier

As a trusted supplier, many of our nationwide and multi-national customers have long-term relationships and agreements with us, built on reliability, service and a commitment to deliver. Over the past 40 years, Hypergraph has established a reputation as a result of our experienced and knowledgeable staff. Our employees have many years of experience within the industry and can be relied upon to provide impartial advice and assistance when required, ensuring purchases are appropriate to our customers' individual needs.

Committed to sustaining the long-term relationships we have with our customers, Hypergraph and all of our processes are accredited to ISO 9001:2008.

As part of the Eclipse Scientific Group, Hypergraph has the full support and security of the group's larger infrastructure.

Extensive Range of Products and Services

With one of the largest product lists of any laboratory supplies company in the UK and multiple direct relationships with market leading manufacturers we are able to offer over 250,000 products at competitive prices.

We are committed to providing a 'one-stop shop' solution to our customers. If you need something specific we can source it for you ensuring you get the product you want, when you want it, making your purchasing processes easier.

First Class Service

At Hypergraph we provide a superior service to meet all of our customers' requirements. Along with our ISO 9001:2008 accreditation, our experienced and knowledgeable staff give customers confidence that the products and services they are ordering are the most suitable for their individual needs.

With a continuous review of our supply chain management processes and investment in our IT solutions we are able to provide accurate information regarding stock levels and expected delivery dates. Our stock holding capacity and excellent supplier relationships mean that orders are delivered on time and in full.

Our dedicated customer management team ensures that each customer receives assistance and information when they need it. In short, our customers are treated as individuals not account numbers.

Broad Industry Coverage

With over 250,000 products available, Hypergraph is able to supply full product ranges that meet the needs of a wide variety of industry sectors. The knowledge and information we gain from working closely with businesses across these sectors enables us to make sure we can source the specific item that you need, to the right specification and at a competitive price.
