Pesticide Residues

Screens

Multi residue screen – Fruit & Vegetable
(Refer to current list of compounds)

Multi residue screen – Tea, Cereal, Oil, Dried
Herbs & Spices
(Refer to current list of compounds)

LC-MS screen
(Refer to current list of compounds)

Organophosphorus Screen
Organochlorine Screen
Organonitrogen Screen
Targeted Potato Screen (chlorpropham, imazalil,
tecnazene & thiabendazole)

Organophosphorus Milk Screen
Organochlorine Milk Screen
Organophosphorus & Organochlorine Milk Screen
Feeding Stuffs Screen -
(aldrin & dieldrin, camphechlor, chlordane, DDT,
endosulphan, endrin, heptachlor, HCB & HCH)

Carbamate Screen (see LC-MS Screen)
Uron Screen (see LC-MS Screen)

Others

Potato Glycoalkaloids

Individual Compounds

Abamectin
Carbendazim (see LC-MS Screen)
Chlormequat
Chlopyralid
Diquat & Paraquat
Dithiocarbamates
(Determined & expressed as carbon disulphide, to
give total residue of dimethyldithiocarbamates,
(e.g. ferbam, thiram & ziram) and
ethylenebisdithiocarbamates (e.g. mancozeb,
maneb, zineb & propineb)

Ethephon
Fenbutatin Oxide
Fosetyl
Imidacloprid – parent only (see LC-MS Screen)
Inorganic bromide
Linuron (see LC-MS Screen)
Maleic hydrazide
Propamocarb (see LC-MS Screen)
2,4D
Nicotine

Food and Drink Capability Documentation – Pesticides & Agrochemicals

Testing | Integrity | Service

Veterinary Residues

Individual Compounds

Abamectin
Dichlorvos
Dimetridazole (parent only)
Emamectin
Fenbendazole
Furazolidone
Ivermectin
Levamisole
Malachite Green
Nicarbazin
Oxolinic Acid
Trimethoprim
Thiabendazole
Other Veterinary Compounds

Limited Compatibility Screens

Sulphonamides Group

Sulphadiazine
Sulphadimidine
Sulphamerazine
Sulphapyridine
Sulphaquinoxaline
Sulphathiazole

Coccidiostats

Lasalocid
Monensin
Narasin
Salinomycin

Tetracyclines Group

Chlortetracycline
Oxytetracycline
Tetracycline

Veterinary Residue Water Screen

(MS222, sulphadiazine, trimethoprim & OTC)

If the tests you are looking for are not listed then please do contact us to discuss as we are able to source a wide range of other tests through our network of subcontract partner laboratories.
